

Becoming a volunteer!

St. Michael's is very fortunate to have a strong pool of volunteers. People who don't necessarily have children at school but have time that they "donate" to us. This may be on a weekly, bi weekly or much less frequent basis. But these people do make a difference and enhance our children's learning.

We're always keen to accept more volunteers to

Help at Forest School

Listen to children read

Run or help out at an after school club, sporting science based, crafty or otherwise

Drive children to and from local visits or sports festivals

.... the list is endless

Alternatively, you may have a talent that we could put to use! Maybe you excel at maths, a foreign language, phonics or computer programming and you're able to offer some additional "teaching" support?

If you are interested in becoming a volunteer, please speak to Mrs Arkwright, or any of our admin staff.
